카드 요약 / 당시 확인 내용

India's Registration Committee, at its 474th meeting held on July 30, 2026 at the PPA Secretariat of the Directorate of Plant Protection, Quarantine & Storage in Faridabad, examined an expert group report on glyphosate and decided that its use should be restricted and carried out only through trained personnel or Pest Control Operators (PCOs), citing occupational hazards and prevention of misuse. The committee directed the Secretary, Central Insecticides Board & Registration Committee, to communicate the recommendation to the Department of Agriculture and Farmers Welfare for a final decision. The matter remains sub judice before the Delhi High Court. The move is a regulatory recommendation rather than an immediate nationwide ban.
