USDA NASS lists the Agricultural Chemical Use Program as the official source of U.S. statistics about on - farm chemical use and pest management practices. The page says NASS surveys farmers to collect information on chemical ingredients applied to commodities through fertilizers and pesticides, and on practices used to reduce dependence on agricultural chemicals. USDA NASS released the 2025 Fruits highlights, data tables and methodology on July 15, 2026, adding updated fruit - sector chemical - use data for market and regulatory analysis.
