The U.S. Supreme Court has ruled 7 - 2 in favor of Monsanto in the Durnell Roundup™ case, holding that the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) preempts state - law failure - to - warn claims when the U.S. Environmental Protection Agency (EPA) has determined a pesticide's labeling complies with federal law. The decision is expected to affect the majority of pending and future Roundup failure - to - warn lawsuits over alleged non - Hodgkin lymphoma links, alongside a February 2026 proposed nationwide class settlement. Glyphosate remains EPA - approved as 'not likely to be carcinogenic to humans.'
