카드 요약 / 당시 확인 내용

27 June 2026, US: ADAMA Ltd. (SZSE 000553), a leading global crop protection company, today announced the launch of Novali™, a unique high-load liquid Pyroxasulfone herbicide designed to provide row crop growers, including soybeans and corn producers, with a highly efficient and flexible solution for residual weed control. Built on ADAMA's Sessgama™ technology, Novali delivers 40% more active ingredient per gallon than standard liquid pyroxasulfone products, reducing handling, transport, storage and refill needs. Commercial sales began in June 2026.
