25 June 2026, Italy: Certis Belchim and Greenhas Group have announced a strategic partnership to accelerate the development and commercialization of innovative biostimulant solutions, combining their complementary expertise to support more resilient and sustainable agricultural production. The collaboration pairs Certis Belchim's biological product expertise with Greenhas Group's plant nutrition innovation to deliver science-based biostimulant technologies that improve crop performance, plant health, and resilience against environmental and production challenges. No financial figures were disclosed.
