카드 요약 / 당시 확인 내용

The European Commission adopted new rules on June 10, 2026 requiring plant protection products to carry QR codes or equivalent digital links giving users free access to up - to - date product information. Implementation begins January 1, 2028 and digital content becomes fully operational by 2030. The framework adds a dedicated bee hazard pictogram, mandatory sensitization warnings for microorganism - based products, standardized disposal instructions, and references to Integrated Pest Management and precision application.
