## 카드 요약 / 당시 확인 내용

As of March 23, 2026, glyphosate technical prices reached 29,500 yuan/ton for 95% purity products and surpassed 30,000 yuan/ton for 97% purity products, while glufosinate - ammonium technical was quoted at 49,000 yuan/ton. The herbicide market rebound is driven by rising costs, recovering demand and tightening supply. Prices of glyphosate, glufosinate - ammonium and L - glufosinate technicals are likely to remain high with fluctuations amid limited supply elasticity and stable demand.
