## 카드 요약 / 당시 확인 내용

EPA is announcing receipt of applications to register new uses for pesticide products containing currently registered active ingredients and is requesting comments. Comments must be received on or before September 16, 2026. Listed new uses include glufosinate - P - ammonium from Albaugh North America Limited for berries, citrus, grapes, olives, pome fruit, stone fruit, sugar beets and tree nuts; indoxacarb from Control Solutions, Inc. for a tolerance amendment; topramezone for postemergence use on genetically modified topramezone - resistant cotton; florylpicoxamid from Corteva Agriscience LLC to establish tolerances for residues; and veratrine for new indoor and outdoor non - food uses.
